Bachelor of Computer Application CGPA-7.77

**2021 • Preston International Academy**

XII-66.80%

**2019 • Preston International Academy**

X-74.00%

## PROJECTS

### Real-Time Hand Gesture Recognition System

- Technologies used- Python and Flask -Developed a real-time system for detecting and classifying hand gestures to facilitate sign language communication. The system processes live video input, detects hand regions, and predicts gestures like "Yes", "No", "Please", "Thank you".

### E-commerce Website

- Technologies used-HTML,CSS and JavaScript The E-Commerce Website Project aims to develop a robust, user-friendly online platform that facilitates the buying and selling of products and services.

## PROGRAMMING SKILLS

- JAVA
- C/C++/C#
- JAVASCRIPT
- SQL
- PYTHON

## ACCOMPLISHMENTS

- Tech Wizards 2.0- Participated in the Tech Wizards 2.0 hackathon in 2022, organized by Graphic Era University in association with the GEU IEEE Student Branch and the GEU ISTE Student Chapter
- Member, Finance and Investment Cell, Graphic Era University (Session 2022- 2023) - Contributed to the development and implementation of financial planning and investment strategies for personal investment activities and events, enhancing financial efficiency and supporting strategic goals

## WORK EXPERIENCE
